Dear Imprints Viewer,

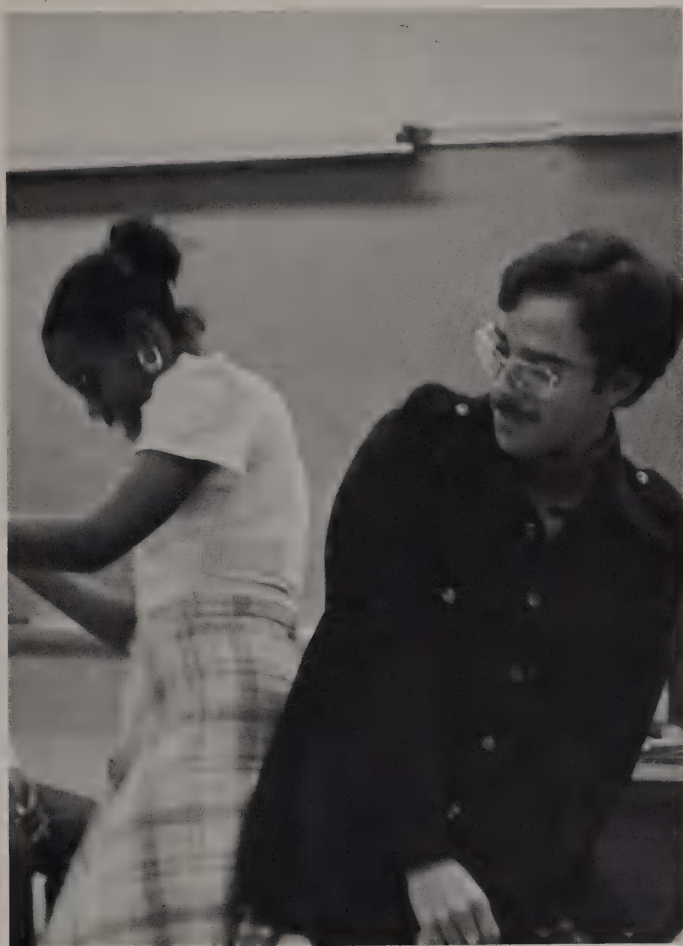

Earlier this year in response to varied criticism, I stated that my philosophy for a yearbook was that an annual should be a pictorial record of the institution it serves and that the yearbook editor should leave the prose, poetry and the literary record-keeping up to the other student publications. I still hold this philosophy but at this point I must interject this editor's note.

In the beginning of the year my staff and I had great hopes for a "renewed" Imprints. My staff this year was made up by a majority of seniors, myself included, being seniors there are many important goals to accomplish at the completion of four years of college. At this point I must thank my staff for all the long hours they took out of their academic year. I would also like to apologize to the faculty who we were not able to photograph. I hope that you can see my staff's and my point.

A handwritten signature in cursive script that reads "Bob Sauer". The signature is written in dark ink and is positioned above the printed name and title.

Bob Sauer
Editor
